

InnoTech Solutions was founded in 20XX by a group of passionate friends who graduated from the College of Information Sciences and Computing of Central Mindanao University. What began as a small venture taking on small commissions quickly evolved as the team recognized their unique strengths and expertise. Driven by a shared vision to innovate, they expanded to offer specialized services tailored to diverse needs. Today, InnoTech Solutions proudly serves over 1,000 clients, from global brands like Adidas to high-profile individuals such as four-time NBA Champion LeBron James, delivering cutting-edge solutions that redefine technology and innovation.
